REGULATING THOSE ENTITIES CURRENTLY DISCHARGING WASTE
TO HUMBOLDT BAY AND THE APPLICATION
OF THE BAYS AND ESTUARIES POLICY TO THE BAY

WHEREAS:

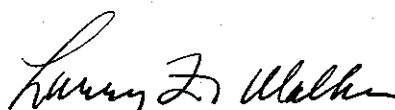

1. The California Regional Water Quality Control Board, North Coast Region (Regional Board), has issued waste discharge requirements and cease and desist orders, as provided in Attachment A hereto, for entities currently discharging waste into Humboldt Bay.
2. The Humboldt Bay Wastewater Authority (HBWA) has proposed a regional wastewater treatment project for the Humboldt Bay area in order to comply with all applicable water quality standards.
3. There is growing public concern regarding proper wastewater management in the Humboldt Bay area.
4. It would be appropriate, in view of this public concern, for the State Board, on its own motion, to review the Proposed Wastewater Project of the HBWA, the Status of Compliance with Existing State Orders Regulating Those Entities Currently Discharging Waste to Humboldt Bay, and the Application of the Bays and Estuaries Policy to the Bay.
5. A hearing in Eureka, California, on April 23 and 24, 1979, by the State Board would be appropriate.

THEREFORE BE IT RESOLVED:

That the State Board will review, at a hearing scheduled for April 23 and 24, 1979, the Proposed Wastewater Project of the HBWA, the Status of Compliance with Existing State Orders Regulating Those Entities Currently Discharging Waste to Humboldt Bay and the Application of the Bays and Estuaries Policy to the Bay.
