

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 80- 40

AMENDMENT TO THE GRANT FOR THE FALLEN LEAF LAKE SERVICE AREA
TO INCLUDE THE U. S. FOREST SERVICE PERMITTEE'S COLLECTION
SYSTEMS

WHEREAS:

1. The State Water Resources Control Board (SWRCB), at its November 1977 meeting, approved funding for a collection system project for Fallen Leaf Lake,
2. The approval was limited to the portion consisting of low-pressure and vacuum pipelines which have a demonstration value,
3. The 44 United States Forest Service permittees within the service area choose not to participate in the project at the time of approval,
4. The permittees have now decided to build a shallow gravity collection system, as well as their portion of the local share of the grant eligible trunk sewer, and
5. The permittees are requesting the grant be amended to include their collection system because the cost of sewerage Fallen Leaf Lake is not fairly distributed.

THEREFORE BE IT RESOLVED:

That the grant amendment request is denied.

CERTIFICATION

The undersigned, Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on June 19, 1980.

Executive Director
