

STATE WATER RESOURCES CONTROL BOARD  
RESOLUTION NO. 81-8EXPRESSING APPRECIATION TO  
WILLIAM J. (B.J.) MILLER, Ph.D.

WHEREAS, Dr. William J. (B.J.) Miller is an individual person of outstanding perspicacity, discernment, intelligence and scholarship, as evidenced by his acquisition of the honorable, illustrious, and estimable degree of Doctor of Philosophy; and

WHEREAS, Dr. Miller exhibits exquisite intellectual understanding and appreciation of the conceptual ideations and hypothecations of other individual persons; and

WHEREAS, Dr. Miller consistently comports himself with grandiloquent graciousness and consideration to persons and parties with whom he interrelates on an individual-to-individual foundation, otherwise known as one-on-one basis; and

WHEREAS, the quality of the waters of the State of California and its environs are in egregious need of restoration to, and preservation of, their pristine and primitive purity; and

WHEREAS, Dr. Miller has toiled diligently and proficiently to the expiry that the quality of the waters of the State are maximized and continued in, a state of pristine and absolute purity; and

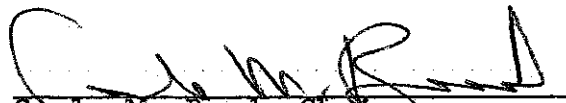

WHEREAS, the State of California needs luminous individuals of uncommon industriousness and erudition to contribute to the sagacious and expeditious management of its water quality resources; and

WHEREAS, Dr. Miller is an individual possessing all the aforementioned qualities; now, therefore and henceforth;

BE IT RESOLVED, that the right, honorable and estimable members of the Water Resources Control Board of the State of California express sincerest regret that Dr. Miller's beneficial assistance shall henceforth not be available to the aforesaid State Water Resources Control Board; and be it further and additionally, but not necessarily as an afterthought;

RESOLVED, that the State Water Resources Control Board hereby communicates its heartiest best wishes for Dr. Miller's prosperity and success in all his contemporary and subsequent endeavors.

Dated: February 19, 1981
