

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 85- 74

AUTHORIZING THE EXECUTIVE DIRECTOR TO NEGOTIATE AND EXECUTE A
CONTRACT TO INVESTIGATE THE SOURCE(S) OF GROUND WATER
CONTAMINATION IN THE SAN BERNARDINO AREA

WHEREAS:

1. Public water supplies of the City of San Bernardino and the Southern California Water Company have been contaminated with trichloroethylene (TCE) and tetrachloroethylene (PCE) and several municipal wells have been removed from service as a result of this contamination.
2. The City of San Bernardino, the State Department of Health Services, and the California Regional Water Quality Control Board, Santa Ana Region, (Regional Board) conducted a preliminary investigation to determine the source(s) of these pollutants, but the source(s) could not be determined.
3. Additional investigations beyond that which can be conducted by the Regional Board staff are necessary to determine the source(s) of these pollutants.
4. The Regional Board has requested funding for the ground water investigation.

THEREFORE BE IT RESOLVED:

That the State Board authorizes the Executive Director to negotiate and execute a contract to investigate the source(s) of TCE and PCE contamination in ground water in the San Bernardino Area in an amount not to exceed \$140,231.00.

CERTIFICATION

The undersigned, Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on September 19, 1985.

Raymond Walsh
