

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 85-81

ADOPTION OF AN ADDITION TO THE FY 1985 AND FY 1986
PRIORITY LISTS FOR THE VALLEJO SANITATION AND
FLOOD CONTROL DISTRICT

WHEREAS:

1. The Vallejo Sanitation and Flood Control District is under an enforcement time schedule to comply with effluent limitations.
2. Addition of a biological secondary treatment process to the existing facilities is necessary to meet discharge requirements.
3. The State Board previously supported grant funding for the proposed project and in February 1984, the Division of Clean Water Grants processed a grant application for \$12,853,350 (\$9,640,013 federal share).
4. The Environmental Protection Agency (EPA) subsequently denied grant award.
5. The EPA rendered a final decision in April 1984, stating that the proposed project was an ineligible replacement.
6. The EPA has now reversed their prior decision and decided in favor of Vallejo on their request for appeal of the final decision.
7. Addition of the proposed project to both the FY 1985 and FY 1986 Priority Lists is necessary to reinstate the project to its previous fundable status.

THEREFORE BE IT RESOLVED:

That the Board, consistent with Section 3623, places the proposed Vallejo Sanitation and Flood Control District biological secondary treatment project in priority Class B on both the FY 1985 and 1986 Priority Lists for immediate funding from FY 1985 carry-over funds.

CERTIFICATION

The undersigned, Interim Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on November 6, 1985.

Raymond Walsh
Interim Executive Director
