

STATE WATER RESOURCES CONTROL BOARD

RESOLUTION NO. 86- 2

AUTHORIZING AMENDMENT TO MASTER SERVICES INTERAGENCY AGREEMENT BETWEEN THE
STATE WATER RESOURCES CONTROL BOARD AND
CALIFORNIA STATE UNIVERSITY FOR THE CONTRACTING OF
STUDENT INTERNSHIPS FROM VARIOUS CALIFORNIA STATE UNIVERSITIES

WHEREAS:

1. On September 1, 1985, the State Water Resources Control Board, Division of Water Rights, entered into a Master Services Interagency Agreement with California State University (CSU Agreement) to hire and to provide on-the-job training to student interns.
2. The CSU Agreement will be utilized for four project areas. The projects are: (1) the Bay-Delta hearings; (2) Investigation and Licensing Section; (3) Environmental Section; and (4) the San Joaquin River Basin model.
3. Workload in the Division of Water Rights has increased due to an increase in the number of court references, water right complaints, complex water applications and new special studies. Additional assistance is needed to perform the activities required by the Division. The student interns can perform those less technical, routine functions which will ultimately free-up our technical staff to do the most critical and important functions.
4. The Division of Water Rights requests a Master Services Interagency Agreement with California State University to hire and to provide training to student interns.

THEREFORE BE IT RESOLVED:

That the State Board authorize the Executive Director to negotiate and execute an amendment to the Master Services Interagency Agreement between the State Water Resources Control Board and the California State University for student assistance, augmenting the Agreement by not to exceed \$174,000, subject to approval of funding.

CERTIFICATION

The undersigned, Interim Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on January 23, 1986.
