STATE WATER RESOURCES CONTROL BOARD RESOLUTION NO. 89-101

ACCEPTANCE OF THE LOS ANGELES COUNTY DEPARTMENT OF PUBLIC WORKS' PHASE II 205(j)(2) FINAL REPORT AND TWO INTERIM REPORTS AS COMPLETION OF THE "WEST COAST BASIN BARRIER SEAWATER INTRUSION STUDY" PROJECT

WHEREAS:

- 1. Pursuant to the terms of a Phase II 205(j)(2) grant from the U.S. Environmental Protection Agency (EPA), the State Water Resources Control Board (State Board) provided \$120,000 to the Los Angeles County Department of Public Works (LADPW) to investigate problems with the existing West Coast Seawater Intrusion Barrier in the County of Los Angeles.
- 2. The LADPW has completed and submitted the Final Report to the State Board entitled West Coast Basin Barrier Project Study:

 Final Report (Final Report), and two interim reports entitled Study of the West Coast Basin Task 2 Report: Hydrogeologic Evaluation, and West Coast Basin Barrier Project Study Task 3 Report: Model Groundwater System.
- 3. The State Board has found that the Final Report and interim reports conform to the requirements of the Phase II grant and the project workplan.

THEREFORE BE IT RESOLVED:

That the State Board:

- Accepts the Final Report and interim reports as completion of the LADPW's Phase II 205(j)(2) Project.
- Directs State Board staff to transmit the Final Report and interim reports to EPA as completion of the LADPW's Phase II 205(j)(2) "West Coast Basin Barrier Seawater Intrusion Study" Project.

3. Directs State Board staff to make known the availability of the Final Report to the appropriate California Regional Water Quality Control Boards, local agencies, and other interested parties.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on November 16, 1989.

Maureen Marche'

Administrative Assistant to the Board
