

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 94-25

APPROVAL OF A STATE REVOLVING FUND LOAN FOR THE
SEAWATER INTRUSION PROGRAM TERTIARY TREATMENT FACILITY PROJECT,
MONTEREY REGIONAL WATER POLLUTION CONTROL AGENCY
SRF PROJECT NO. C-06-4071-210

WHEREAS:

1. The State Water Resources Control Board, on August 18, 1988, adopted the "Policy for Implementing the State Revolving Fund for Construction of Wastewater Treatment Facilities" and amended this policy on September 20, 1990, and on January 21, 1993;
2. The State Water Board, on September 23, 1993, adopted the FFY 1994 State Revolving Fund (SRF) Loan Program Priority List, which includes the Seawater Intrusion Program Tertiary Treatment Facility Project of the Monterey Regional Water Pollution Control Agency (MRWPCA);
3. The Division of Clean Water Programs has approved the project report, environmental documents, and draft revenue program for the Seawater Intrusion Program Tertiary Treatment Facility Project; and
4. The MRWPCA has certified an Environmental Impact Report (EIR) for the proposed project (State Clearinghouse No. 88011210), which has been reviewed and considered by the State Water Board, and it has been determined that:
 - (a) Changes or alterations have been required in, or incorporated into, the proposed project that avoid or substantially lessen the potentially significant adverse environmental effects identified in the EIR with respect to sediment loading in the Salinas River. These impacts will be mitigated by streambed alteration agreement conditions, limiting construction activities to low-flow periods and to summer and early fall, preventing construction-related byproducts from entering the stream, and placing sheet piles around the construction site.
 - (b) With respect to other potentially significant environmental impacts identified in the EIR, appropriate changes or alterations are within the responsibility and jurisdiction of other public agencies. Such other changes or alterations have been adopted or should be adopted by such other agencies.

THEREFORE BE IT RESOLVED THAT:

The State Water Board approves a State Revolving Fund loan of \$5.9 million for the Seawater Intrusion Program Tertiary Treatment Facility Project of the Monterey Regional Water Pollution Control Agency, SRF Project No. C-06-4071-210. The SRF loan will have a repayment period of twenty (20) years and the first loan repayment due one (1) year following the completion of

construction date. This approval will remain valid only if the MRWPCA issues the notice to proceed to the construction contractor for the proposed project within 18 months of the date of this resolution.

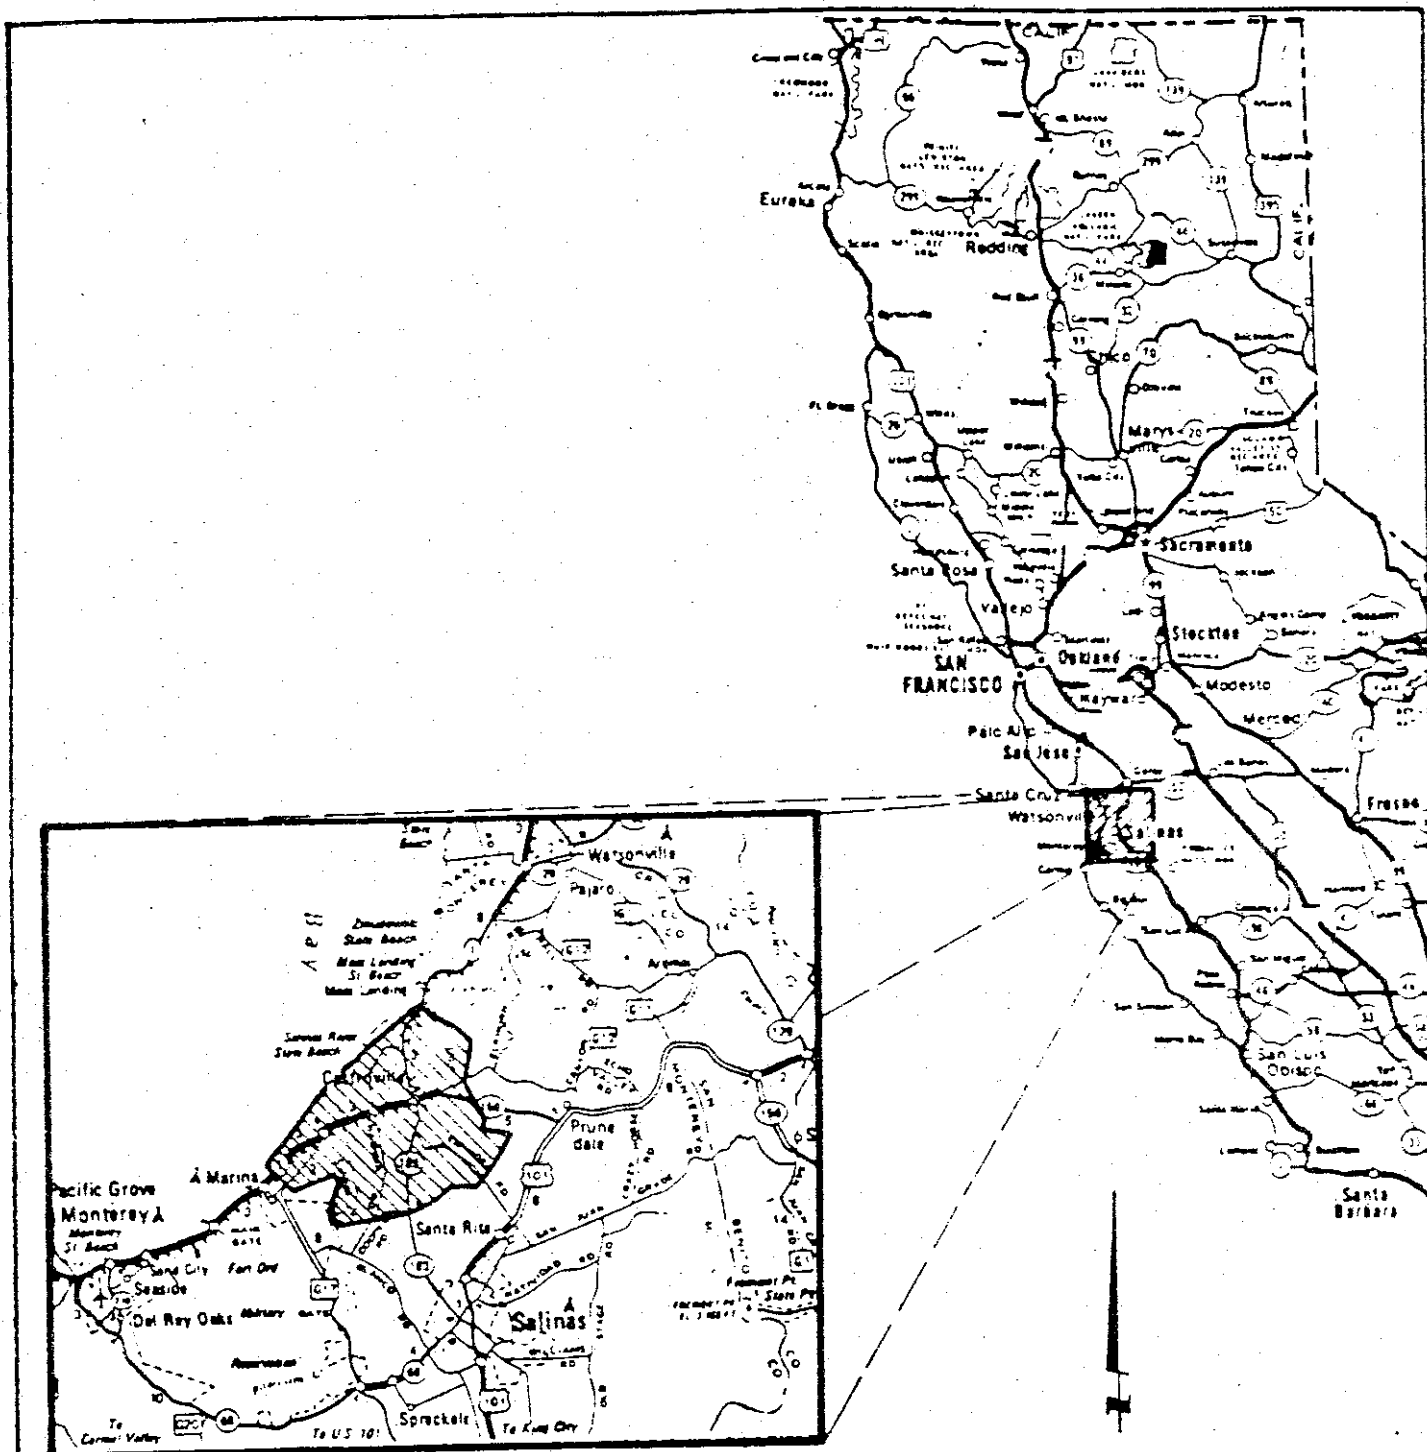

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on March 21, 1994.

Maureen Marché
