

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 2000 - 071

ADOPTION OF A STATE REVOLVING FUND LOAN OF \$225,000 FOR
PHASE 2 OF THE SKI RUN WATER QUALITY IMPROVEMENT FACILITIES
PROJECT FOR THE CITY OF SOUTH LAKE TAHOE (LOAN NO. C-06-6026-12)

WHEREAS:

1. The City of South Lake Tahoe (City) has requested an additional \$225,000 State Revolving Fund (SRF) for the Ski Run Water Quality Improvement Project (Project) which was previously approved by the State Water Resources Control Board (SWRCB) in Resolution No. 97-038 on May 14, 1997 for \$1,998,000.
2. The Project will address nonpoint source pollution caused by storm water carrying oil, grease, salts, heavy metals, and sediments into Lake Tahoe.
3. The SRF loan will enable the City to complete the monitoring for the Project authorized in Resolution No. 97-038 and construct an additional retention basin to address the water quality issues.
4. The Project complies with the Lahontan Regional Water Quality Control Board Water Quality Control Plan for the Lake Tahoe Basin and the SWRCB Lake Tahoe Basin Water Quality Plan.
5. The City completed a Negative Declaration for the Project to comply with the California Environmental Quality Act (CEQA) on May 17, 1989 that applies to the monitoring of the Project. A modification to the December 1995 Final Supplement to the South Lake Tahoe Redevelopment Project No. 1 Environmental Impact Report is categorically exempt under section 15304 of CEQA for the additional retention basin.

THEREFORE BE IT RESOLVED THAT:

The SWRCB approves an SRF loan for \$225,000 to the City for the Project.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on September 21, 2000.
