NON-PRECEDENTIAL DECISION

On July 15, 2008, the State Water Resources Control Board (State Water Board) adopted Order WQ 2008-0005 in response to a petition filed by the California Sportfishing Protection Alliance (CALSPA). The petition requests that the State Water Board review waste discharge requirements in Order No. R5-2007-0113 issued by the Central Valley Regional Water Quality Control Board (Central Valley Water Board) to the City of Lodi for its White Slough Water Pollution Control Facility.

In WQ 2008-0005, the State Water Board decided to review the waste discharge requirements on its own motion. The order is non-precedential.
