BY THE BOARD:

On December 7, 2012, the Central Valley Regional Water Quality Control Board (Central Valley Water Board) issued Waste Discharge Requirements Order No. R5-2012-0116 (Permit) to all growers within the Eastern San Joaquin River Watershed that are members of a third-party group. The denial of a petition for review would ordinarily require a petitioner to file any judicial challenge within 30 days of the denial.<sup>3</sup> When the State Water Board anticipates addressing a petition on

the merits after the review period passes, it may indicate that it will review the matter on its own motion to avoid unnecessary or premature litigation.

The State Water Board anticipates issuing an order addressing some of the issues raised in the petitions, but not by August 5, 2014. Therefore, the State Water Board has decided to review the Permit on its own motion.<sup>4</sup>
