Section I: INTRODUCTION

1. This Settlement Agreement and Stipulation for Entry of Administrative Civil Liability Order (Order, Stipulation, or Stipulation and Order) is entered into by and between the State Water Resources Control Board (State Water Board), on behalf of the Underground Storage Tank Cleanup Fund (Cleanup Fund), with ALLTERRA Environmental, Inc. (ALLTERRA) and its Chief Executive Officer (CEO), James Allen, (Settling Respondent), and is presented to the State Water Board, or its delegee, for adoption as an Order by settlement, pursuant to Government Code section 11415.60. This Stipulation resolves the violations alleged herein by the imposition of administrative civil liability against ALLTERRA in the amount of **\$106,533.00**.

Section II: RECITALS

2. Effective September 25, 2014, chapter 6.75 of the Health and Safety Code was amended and contains several provisions, including section 25299.80 that allows the State Water Board to impose up to \$500,000 civil liability administratively for each misrepresentation made to the Cleanup Fund. The Health and Safety Code also provides for the recovery of enforcement costs and disqualification of persons from participation in the Cleanup Fund for violations of section 25299.80.
3. The ALLTERRA investigation arose out of complaints submitted to the Office of Enforcement’s Fraud, Waste, and Abuse Prevention Unit (Fraud Prevention Unit) by Central Valley Regional Water Quality Control Board staff, regarding suspected fraud related to “penalty of perjury” statements submitted to the State.

4. On July 11, 2018, the Fraud Prevention Unit issued a request for information to ALLTERRA. The letter requested ALLTERRA provide the Fraud Prevention Unit with documentation detailing the hours worked and qualifications of a remedial systems technician for the Gold Flat Service Station, Cleanup Fund Claim No. 14869.
5. On July 20, 2018, ALLTERRA responded and provided a description of the technician's training, as well as their job application, payroll records, and a W2 form, documenting that they were an employee of ALLTERRA.
6. The Fraud Prevention Unit compared the information ALLTERRA provided to the invoices ALLTERRA submitted to the Cleanup Fund in Reimbursement Request Numbers 21, 22, 23, and 24 and noted potential discrepancies. Invoices submitted to the Cleanup Fund by ALLTERRA requested mileage reimbursement for miles to and from the Site, but the requests were unnecessary and unreasonable according to the cost guidelines. The costs were paid due to the erroneous reimbursement requests.
7. On December 14, 2018, the Fraud Prevention Unit conducted a telephone interview with the technician. The Fraud Prevention Unit determined that ALLTERRA improperly obtained reimbursements for mileage for the technician that was not a reasonable or necessary cost.
8. The Fraud Prevention Unit determined ALLTERRA submitted 2 reports with improper responsible party "penalty of perjury" signatures accompanying the reports. The claimant predeceased the date the reports were finalized.
9. The Fraud Prevention Unit determined ALLTERRA submitted Reimbursement Requests on behalf of the claimant that contained misrepresentations of the number of hours for Project Management. In the opinion of the Fraud Prevention Unit, the number of hours claimed for reimbursement were excessive, wasteful and unsupported by the documents submitted to the Cleanup Fund, and misrepresented the reasonable and necessary costs for the site.
10. ALLTERRA denies the factual allegations and legal conclusions above. However, it agrees with the Cleanup Fund that this resolution, by settlement and without any admission of liability or wrongdoing, makes the most practical sense for resolving this matter. ALLTERRA is not seeking to perform any work on Cleanup Fund sites in the future.
11. On November 22, 2019, the Fraud Prevention Unit issued ALLTERRA a letter offering to enter into settlement negotiations related to the alleged misrepresentations to the Cleanup Fund.

12. Mr. Allen, on behalf of ALLTERRA, and the State Water Board (collectively "Parties") have engaged in settlement negotiations and agree to fully and finally settle the alleged violations for **\$106,533.00** without administrative or civil litigation and by presenting this Stipulation to the State Water Board, or its delegee, for adoption as an Order by settlement, pursuant to Government Code section 11415.60 and Health and Safety Code section 25299.80.
13. The Cleanup Fund believes that the resolution of the alleged matter set forth herein is fair and reasonable and fulfills all of its enforcement objectives, and that this Stipulation is in the best interest of the public.
