### **SUBJECT OF THE CANCELED HEARING**

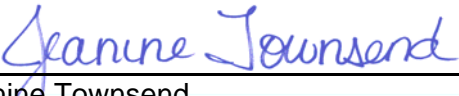

On August 13, 2007, the State Water Resources Control Board's (State Water Board) Division of Water Rights (Division) issued a Notice of Proposed Revocation based on facts indicating that Golden State Water Company (Licensee) has not applied all of the water to beneficial use for at least five consecutive years, and the Licensee has not observed the condition of the license specifying the place of use of water under the license. In the Notice of Proposed Revocation, the Division concludes that Licensee's water right should be revoked pursuant to Water Code section 1675, and that the unused water should revert to the public and be regarded as unappropriated public water pursuant to Water Code section 1241. By letter dated September 3, 2007, the Licensee requested a hearing on the proposed revocation.

By Notice of Postponement of Public Hearing, dated March 11, 2009, the State Water Board postponed the March 26<sup>th</sup> hearing upon receipt of requests for postponement by the Licensee and Prosecution Team. On March 30, 2009, the State Water Board's Executive Director approved a Settlement Agreement between the Prosecution Team and the Licensee ([ORDER WR 2009-0025-EXEC](#)). Accordingly, no hearing is required to be held on the proposed revocation of License 2329 and the previously postponed hearing is cancelled.
