**Subject:** 2/2/16 BOARD MEETING (Conservation Extended Emergency Regulation)

Hello,

I would like to voice my objection to the February water restrictions being mandated. We have reduced diligently and consistently as a community meeting and exceeding quotas. We have had a good rain/snow season so far with more to come. Please reevaluate in April but leave February and March alone.

It certainly is challenging to be under such stringent restrictions while other parts of California know none. I just came back from Palm Springs and Anaheim. Palm Springs was a water park with fountains everywhere, lush green lawns EVERYWHERE and sprinklers going off everyday during daytime hours EVERYWHERE. The people I visited in Anaheim were bragging about their lawns!

Take that to the governor please!
