Subject: re 2/2/16 BOARD MEETING (Conservation Extended Emergency Regulation)

To the Water Board

re: 2/2/16 BOARD MEETING (Conservation Extended Emergency Regulation).

The San Juan Water District believes a 33% reduction in water use for 2016 is too high, and in light of our current situation and water levels, both my wife and I agree. Please do not ask for more than a 20% reduction in 2016. We are, sincerely,

Henry C. Walther
