Subject: Board Meeting Feb

I do not feel it is fair to our San Juan Water District to decide in Feb what our water cuts should be, we have done an excellent job of conserving and fell down a little in Dec. Remember this is the month of Christmas and with many out of town guests there were more showers and toilet flushes. This decision should not be made until April when we have a clear idea of how much water we will have. What is the rush??? Thank You, Jane Negri, 4502 Olive Ranch Rd, Granite Bay , (resident since 1974) Sent from my iPhone
