Sacramento, CA 95814

RE: 2/2/2016 board Meeting- item 7 (Conservation Extended Emergency Regulation)

Dear Ms. Townsend

The Rancho Chaparral Mutual Water Company requests that the SWRCB consider granting exemptions from the regulations of the emergency conservation resolution for water systems that are determined to have no impact on the water shortage problem for the State of California. Ours, located in Big Sur, is one such system..

We are a small company of 16 hookups and are already burdened with water quality compliance, aging infrastructure, and maintenance expenses. Managing the requirements of the emergency conservation resolution unnecessarily adds to that burden.

Sincerely yours,

Raymond J Sanborn
