
State Water Resources Control Board

NOTICE OF BOARD MEETING

CONSIDERATION OF APPROVAL OF AN AMENDMENT TO THE WATER QUALITY CONTROL PLAN FOR THE SANTA ANA RIVER BASIN TO EXTEND THE SCHEDULE FOR ATTAINING THE MIDDLE SANTA ANA RIVER WATERSHED TOTAL MAXIMUM DAILY LOADS FOR BACTERIAL INDICATORS IN WET WINTER CONDITIONS

The State Water Resources Control Board will conduct a Board Meeting on December 1, 2026, to consider approval of an amendment to the California Regional Water Quality Control Board, Santa Ana Region (Santa Ana Water Board) Water Quality Control Plan for the Santa Ana River Basin (Basin Plan) to extend the Wet Winter Conditions compliance deadline for bacterial indicator Total Maximum Daily Loads (TMDLs) in the Middle Santa Ana River Watershed (Basin Plan Amendment). The Basin Plan Amendment was adopted by the Santa Ana Water Board on March 13, 2026, via [Resolution No. R8-2026-0014](#). Additional information about the Basin Plan Amendment is provided below.

Participation Options

Review the Available Documents

Review the Basin Plan Amendment and related documents at the following link. Physical copies of the available documents may be mailed to you upon request by contacting staff as described below.

Attend the Public Meeting

A Board Meeting agenda will be available 10 days before the meeting at www.waterboards.ca.gov/.

- Participate in person to observe or provide a comment:
1001 I Street, Sacramento, CA 95814
- Submit an online speaker card if you wish to provide a public comment at the Board meeting in person or remotely: bit.ly/speaker-card-form. The form accepts responses a few days prior to the Board meeting. The Board Clerk will provide instructions to join Zoom in advance of the meeting. For more information about participating remotely at a Board meeting, please visit bit.ly/providingcomments.
- For those who only wish to watch the meeting, the webcast remains available at either youtube.com/user/BoardWebSupport or video.calepa.ca.gov (closed captioning available) and should be used UNLESS you intend to comment.

E. JOAQUIN ESQUIVEL, CHAIR | ERIC OPPENHEIMER, EXECUTIVE DIRECTOR

The written comment period closed on July 6, 2026. Responses to the comments received by the State Water Board are posted at [Santa Ana Water Board | Middle Santa Ana River Bacteria TMDL](#).

Language Services

This meeting will be offered in English. To request translation of a written document, interpretation services for the meeting, or sign language services please use one of the following options at least ten (10) business days before the meeting, if possible:

- Submit an online request: bit.ly/LanguageAccessForm
- Call (916) 341-5254
- Email languageservices@waterboards.ca.gov

Contact us to request information in your language.

Accessibility & Reasonable Accommodations

Users of a Telecommunications Device for the Deaf (TDD) may contact the California Relay Service at (800) 735-2929 or the teletype (TTY) voice line at (800) 735-2922.

Any person who requires reasonable accommodation to participate in the meeting should email contact@waterboards.ca.gov or call (916) 341-5254, at least ten (10) business days prior to the meeting. Learn more about accessibility within Zoom at www.zoom.com/en/accessibility.

Building and Parking Information

- Directions to the Joe Serna, Jr. (CalEPA) Building and public parking information: <http://www.calepa.ca.gov/headquarters-sacramento/location/>.
- Visitors to the CalEPA Building are required to sign in and obtain a badge at the Visitor Services Center located just inside the main entrance on 10th Street.
- Please allow 5 to 10 minutes to receive security clearance.

Background

In 2005, the Santa Ana Water Board adopted Resolution No. R8-2005-0001, establishing TMDLs for bacterial indicators in Santa Ana River Reach 3, Chino Creek Reach 1, Chino Creek Reach 2, Mill Creek (Prado Area), Cucamonga Creek Reach 1, and Prado Park Lake within the Middle Santa Ana River Watershed. The adopted Bacteria TMDLs included numeric targets based, in part, on the fecal coliform water quality objective specified in the Basin Plan for the protection of body-contact recreation (REC1) in inland surface waters. Alternative numeric targets for *Escherichia coli* (*E. coli*) were also established based on criteria recommended by the United States

Environmental Protection Agency. The compliance dates vary by condition. For Wet Winter Conditions (November 1 through March 31), TMDLs for E. coli need to be met no later than December 31, 2025.

Watershed stakeholders have worked collaboratively to implement projects that support compliance with the Bacteria TMDLs, however, achieving compliance during Wet Winter Conditions has proven more challenging because of the substantially greater volume of stormwater flows that must be managed.

The Basin Plan Amendment adopted by the Santa Ana Water Board would extend the Wet Winter Conditions TMDL compliance deadline from December 31, 2025, to December 31, 2035, and incorporate a Phase 2 Implementation Plan.
