Attachment - Guidelines for Orderly Participation via Zoom

- Remote hearings often lack the same visual and social cues available during public, in-person hearings. Please be respectful and patient so all participating parties can be fairly heard.
- Call into the hearing at least 10 minutes before the scheduled start of the hearing to ensure you can resolve any technical issues before the hearing starts. You will initially be in a virtual waiting room and will be let into the hearing by a staff person. Please test your video and/or audio before the start of the hearing. At the bottom, left-hand side of the Zoom window, you will see a microphone and a video camera symbol. If there is a red line across the symbols that means they are currently off.
- The Zoom platform occasionally freezes up due to an influx of new users. At times, you may see a frozen screen for a moment or two. If this issue persists after a few minutes, please notify us and try calling into the hearing instead.
- Please identify yourself each time you speak.
- Regardless of whether you participate via phone, computer, or mobile device, please participate from a quiet environment and speak slowly and clearly, so that we can properly hear you. If you are using the internet to connect to the hearing, try to ensure that you have a good connection or strong signal.
- It is important to avoid creating acoustic feedback. Please remain on mute while others are speaking to minimize background noise and minimize the use of speakerphone while participating. If there are other devices near you that are tuned into the hearing, please make sure that the speaker volume of those devices is turned off when it is your turn to participate.
- The Hearing Officers will maintain decorum during the hearing and individuals who are disruptive may be removed from the remote meeting service or have their connection muted.
- Other participants will be able to see your name, and if you call in, other participants will see the last three digits of your phone number unless you have called in anonymously.
