RECEIVED

The Los Osos CSD is spending ABOUT A MILLION DOLLARS A WEEK TO STOP THE CONSTRUCTION OF THE CURRENT SEWER PROJECT. THE STATE LOAN IS IN JEOPARDY BECAUSE OF THIS.

The fiscal irresponsibility of our current Los Osos CSD, driven by the low income residents, who last month voted them in, has almost bankrupt the town. At the current rate of spending (\$1,000,000.00 a week) to stop construction, the bank account will be exhausted in another two or three weeks.

ALL THIS MONEY HAS AND IS BEING SPENT ON STOPPING WORK ON THE SEWER.

The funding TO RESUME WORK ON the sewer is in seriously jeopardy as the State will cancel the low interest loan if we do not start up work sewer IMMEDIATELY. AND THEY CAN DEMAND THE \$11,000,000.00 ALREADY SPENT TO BE RETURNED And the loan will not be reinstated.

We are also promised FINES in the amount of \$11,000,000.00 from the Water Quality Board for stopping the construction.

As an 18 year homeowner in Los Osos, I have seen sewer construction defeated by the low income renters time after time, driving the cost from about \$80 a month to over \$200.

If we loose the low interest SRF loan, the cost will climb to over \$300, maybe even \$400 a month. And be bankrupt.

We can't afford to loose our loan.

WE MUST RESUME WORK ON THE SEWER IMMEDIATELY.

Regards,
Jean Fergus
