

Regional Water Quality Control Board
Jeff Young, Chair
895 Aerovista Place, Ste. 101
San Luis Obispo, CA 93401

November 5, 2005

Dear Mr. Young,

I urge you to drop all threats of fines against Los Osos immediately. 30% of the people of Los Osos cannot afford the projected sewer bill as it is let alone additional costs incurred with fines by your office.

~~Important decisions to be made lie ahead of you. In this process I urge you to remember that your purpose is to serve the people and to protect the water resources. Please work with the community to solve the issues at hand.~~

Sincerely,

Andrea Fom...

cc: Lisa Schicker, President LOCSD
