### **CORRECTION TO NOTICE OF VIOLATION, 13267 REQUEST FOR REPORT; GOLDIE LANE, SAN LUIS OBISPO COUNTY**

Dear Mr. Pierson:

We erroneously attributed a well development by product point source discharge to Huerhuero Creek to your property. It has come to our attention that the well development referred to in our October 10, 2002 Notice of Violation was not on your property. Please disregard the parts of the October 10, 2002 Notice of Violation referring to the well development point source discharge. You are still required to respond to the information request regarding the vegetation clearing and potential erosion and sediment discharge from your property.

As discussed with Ryan Lodge of my staff, **the detailed plans and implementation schedule required by our October 10, 2002 letter must be submitted to our office by October 25, 2002.** It is critical that the issues discussed in the October 10, 2002 letter are addressed immediately. The wet season is upon us and impacts to the watershed from your property must be minimized.

With your submittal, please provide information concerning your overall project. You are required to obtain Storm Water General Permit coverage if the project is a construction project that disturbs five acres or more of land (disturbance includes clearing, grading, excavating, staging areas, and stockpiles).

If you have questions regarding this matter, please call **Ryan Lodge at (805) 542-4642.**

Sincerely,

Roger W. Briggs
