

STATE OF CALIFORNIA
CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL COAST REGION
895 Aerovista, Suite 101
San Luis Obispo, California 93401
MONITORING AND REPORTING PROGRAM NO. R3-2005-0017
 Waste Discharge Identification No. 3 402001001

For

Hanson Aggregates
Santa Margarita Quarry
San Luis Obispo County

PROCESS WATER MONITORING

Wash water samples shall be collected from the gravel washing operations as follows:

Parameter	Units	Type of Sample	Sample Frequency
PH (Field Test)	Unitless	Grab	Twice/year (June and December)
Total Dissolved Solids	Mg/L	Grab	Twice/year (June and December)
Daily Flow	Gals/day	Estimated	Monthly
Pond Freeboard	Feet	Measured, each pond	Before and after each storm event

The disposal ponds must be inspected on a weekly basis to ensure adequate freeboard exists. During the rainy season the quarry pit must be inspected during and after each rainfall event to ensure adequate freeboard exists. Minimum freeboard levels shall be recorded and reported to this office with the monitoring report.

REPORTING

Annual monitoring reports shall be submitted to the Board by the 25th day of January containing a summary of all the information collected during the last year. The data shall be summarized to demonstrate compliance with the waste discharge requirements. All instances of non-compliance shall be fully explained in the cover letter accompanying the monitoring results.
