TCE

µg/L

micrograms per liter

Approximate direction of localized groundwater gradient and estimated average linear groundwater velocity during second quarter 2005

TCE concentration in groundwater during second quarter 2005 (µg/L)

Approximate TCE iso-concentration contour (dashed where inferred)

Not Available

Symbol indicates not detected at or above laboratory reporting limit as noted

Trichloroethene

µg/L micrograms per liter

Unit 1 Trichloroethene (TCE) iso-concentration Contour Map
Second Quarter 2005
