CENTRAL COAST WATER BOARD MEETING NOTICE

2007 Water Boards Strategic Plan Update June 6, 2007 9:30 a.m. – 12:30 p.m.

The Water Boards have begun an effort to update their Strategic Plan. All Regional Water Boards are conducting a series of forums to receive input from stakeholders and staff about what should be included in the plan update. Stakeholders recently provided their perspectives at a Statewide Strategic Plan Summit on March 12-13, 2007, concerning issues and trends relating to water quality and water rights. They identified key areas of focus for the Boards to consider in their planning for the next five years. A summary of these perspectives is available on page 10 of this document: http://www.swrcb.ca.gov/strategicplan/docs/2007/regional_workbook.pdf. More detailed meeting notes from the Statewide Summit are available at http://www.waterboards.ca.gov/strategicplan/docs/2007/stakeholder_proceedings.pdf. Regional and State Water Board staff discussed plan update ideas on April 16-17, 2007.

The Central Coast Water Board will host a session on this Strategic Plan Update on June 6, 2007. The purpose of this session is to discuss the public's (stakeholders') perspective on the statewide Strategic Plan, and how to improve it. We would also like to know what you think about ideas we already received during the statewide summits. We will use small facilitated groups and ideas will be recorded and reported out to all session attendees. The proposed agenda for this discussion follows. The Central Coast Water Board invited a specific group of stakeholders to this June 6 meeting, made up of individuals representing a variety of stakeholder interests. The Central Coast Water Board is also inviting other individuals to come and observe the interactive discussions. Observers will be integrated into the discussions if space allows. If we are unable to integrate observers into the facilitated interactive discussions, those individuals may contribute ideas in writing by answering questions in the Strategic Plan Regional Meeting Workbook that will be available at the meeting and is located at:

http://www.swrcb.ca.gov/strategicplan/docs/2007/regional_workbook.pdf.

Anyone, even if not able to attend the public input session, may contribute ideas on-line at:

California Environmental Protection Agency

<http://www.swrcb.ca.gov/strategicplan/2007update.html> - See Interactive link under Regional Outreach Meetings - Strategic Plan Regional Meeting Workbook.

The Water Boards will use the information received through the summits and regional outreach sessions to prepare a draft Strategic Plan which will be considered for adoption by the State Water Board in the summer of 2007. The Water Boards will develop an implementation plan for the State Board to consider in winter 2007-2008.

We welcome your active participation in our planning process to contribute your ideas and insights on the direction the Water Boards should pursue in the coming five years.

The Central Coast Water Board will hold its strategic planning input session on Wednesday, June 6, 2007, at the Central Coast Water Board offices, 895 Aerovista Place – Suite 101, San Luis Obispo, CA from 9:30 a.m. to 12:30 p.m. Please refer to the Board's website at www.waterboards.ca.gov/centralcoast for additional information concerning the agenda for this meeting and the regular Board Meeting scheduled to follow the Strategic Plan input session. For additional information about this session, contact Lisa McCann at 805-549-3132 or lmccann@waterboards.ca.gov

Water Boards Strategic Plan Update – Regional Outreach Meeting
June 6, 2007 – 9:30 a.m.-12:30 p.m.
Central Coast Regional Water Quality Control Board
