Subject: Pinto Lake TMDL update
Date: Monday, August 03, 2015 9:32:00 AM

Dear [Pinto Lake TMDL](#) interested party,

This is an informational update. At this time we have obtained and compiled **water quality data** for Pinto Lake, tributary creeks, and groundwater from these sources:

- data provided by City of Watsonville
- data provided by County of Santa Cruz
- data from Dr. R. Kudela's studies
- CSUMB data including data from Scott Blanco & Erin Stanfield

If you know of any other Pinto Lake **water quality data** which we overlooked, please let us know as soon as you can. Thank you.

Cheers,

Peter Osmolovsky
