**ORDER AMENDING CLEAN WATER ACT SECTION 401 TECHNICALLY  
CONDITIONED WATER QUALITY CERTIFICATION; RIVER PARTNERS,  
SACRAMENTO RIVER SALMONID STRANDING REDUCTION AND FLOODPLAIN  
HABITAT RESTORATION PROJECT AT THE WILLOW BEND PRESERVE  
(WDID#5A06CR00072A1), COLUSA COUNTY**

This Order responds to the 29 March 2021 request for an amendment of the Sacramento River Salmonid Stranding Reduction and Floodplain Habitat Restoration Project at the Willow Bend Preserve (Project) Section 401 Water Quality Certification (WDID#5A06CR00072). The original Water Quality Certification (Certification) was issued on 13 March 2020. The requested amendment is hereby approved. The original Certification is therefore amended as described below. Please attach this document to the original Certification.

**AMENDMENT:**

River Partners is requesting an administrative amendment to correct the SPK number identified in the Certification and update the U.S. Army Corps of Engineers contact from Nicky Schleeter to Nancy Haley. The Certification incorrectly identified Section 404 coverage under Nationwide Permit #27 under SPK-2017-00910, which is associated with another Project. The correct number for the Project is SPK-2017-00413.

**APPLICATION FEE RECEIVED:**

No fee was required for this amendment. Total fees of \$437.00 for the original Certification were received on 5 July 2019. The fee amount was determined as required by California Code of Regulations, title 23, sections 3383(b)(3) and 2200(a)(3), as was calculated as category D - Ecological Restoration and Enhancement Projects (fee code 85) with the dredge and fill fee calculator.

**WATER QUALITY CERTIFICATION:**

I hereby issue an Order amending the existing Clean Water Act, Section 401 Technically Conditioned Water Quality Certification for the Sacramento River Salmonid Stranding Reduction and Floodplain Habitat Restoration Project at the Willow Bend Preserve (WDID#5A06CR00072A1). All other conditions and provisions of the original Water Quality Certification and any previously approved amendments remain in full force and effect, except as modified based on the conditions of this Order. Failure to comply with the terms and conditions of the original Water Quality Certification, previously approved amendments, or of this Order may result in suspension or revocation of the Water Quality Certification.
