On 20 April 2012, the Executive Officer of the Central Valley Regional Water Quality Control Board issued a Notice of Applicability granting coverage under the State Water Resources Control Board's *Statewide General Waste Discharge Requirements for Discharges to Land with a Low Threat to Water Quality* (Order 2003-003-DWQ-0032) to Pacific Gas and Electric Company (PG&E). The Notice of Applicability was for temporary discharges of hydrostatic pipeline test water associated with Pipeline Segment T-100 in Stanislaus County.
