Discharger and Tentative Order Information

The City of Angels (Discharger) is the owner and operator of the City of Angels Wastewater Treatment Plant (Facility), a publicly-owned treatment works located at 3000 Centennial Road, Angels Camp, CA, 95222. The Facility provides sewerage services for the City of Angels, serving a population of approximately 4,180. The Facility provides treatment for 1.9 million gallons per day of domestic and industrial wastewater. The Facility is authorized to discharge treated tertiary disinfected wastewater seasonally (15 November through 15 May) to Angels Creek, a water of the United States.

Discharges from the Facility are currently regulated by Waste Discharge Requirements Order R5-2017-0063, issued by the Central Valley Regional Water Quality Control Board (Central Valley Water Board) on 09 June 2017. An Order is proposed to renew the NPDES permit. The tentative Order relaxes the pH instantaneous maximum effluent limit to be consistent with the Basin Plan objective.
