NOTICE OF PUBLIC HEARING
concerning

TENTATIVE WASTE DISCHARGE REQUIREMENTS
FOR
RIO VISTA
CLASS III LANDFILL
CLOSURE, POST-CLOSURE MAINTENANCE, AND CORRECTIVE ACTION
SOLANO COUNTY

Waste discharge requirements (WDRs) are tentatively being issued to the City of Rio Vista as the operator and landowner, also known as the discharger (Discharger) for the Rio Vista Class III Landfill (Facility) located at 301 Airport Road, which is approximately one-half mile north of the community of Rio Vista in Solano County.

The twenty-acre Facility is a closed landfill with one twelve-acre unlined waste management unit (WMU) closed in. The Facility stopped accepting wastes on 1 January 1993 and was closed in 2002. This revised Order prescribes waste discharge requirements (WDRs) and requires implementation of an associated monitoring and reporting program (MRP) for the Facility. These tentative WDRs would also require the Discharger to complete a series of tasks related to Closure and Post-Closure Maintenance and Corrective Action for the Facility, including but not limited to, establishing Water Quality Protection Standards for the WMU pursuant to procedures defined in California Code of Regulations, Title 27, submit a Report of Waste Discharge for the purpose of updating the Joint Technical Document for the Facility, and provide an updated Sensitive Receptor Survey.

A public hearing concerning this matter will be held during the Central Valley Water Board meeting scheduled for:
