## State Water Resources Control Board

# Updated Water Loss Economic Model Release

Thursday, April 15, 2021

The formal rulemaking for the water loss performance standards is expected to begin in June with the release of the Notice of Proposed Rulemaking. The publication of the Notice will mark the beginning of a 45-day comment period.

A new version of the economic model is now available. Suppliers can submit updates to the model defaults by emailing a copy of the economic model with changed defaults and attached justification to [orpp-waterconservation@Waterboards.ca.gov](mailto:orpp-waterconservation@Waterboards.ca.gov). The deadline to submit updates to the model defaults will be the end of the 45-day comment period, which will likely be in August.

Any questions can be emailed to Max Gomberg ([Max.Gomberg@Waterboards.ca.gov](mailto:Max.Gomberg@Waterboards.ca.gov)) or Bethany Robinson ([Bethany.Robinson@Waterboards.ca.gov](mailto:Bethany.Robinson@Waterboards.ca.gov)).
