
State Water Resources Control Board

Roadmap to ELAP Accreditation Webinar Third Party Assessments

On May 5, 2020, the California State Water Resources Control Board adopted comprehensive regulations for the Environmental Laboratory Accreditation Program (ELAP). The regulations include the practice of using third-party assessment agencies (TPAs) as part of the accreditation process in California.

Webinar Overview

This webinar provides foundational knowledge to attendees about third-party assessment and the new ELAP regulatory requirements. Attendees will hear from ELAP staff, representatives from four TPAs, and colleagues who have experience using third-party assessment for accreditation.

Date and Time:

Monday, June 8, 2020

10:30am – Noon

Who Should Attend?

Laboratory Scientists, Managers and Directors, QA/QC Managers, Regulatory Affairs Managers, Senior Analysts, and anyone concerned with environmental monitoring.

Login Information

Join 15 minutes before start time at <https://video.calepa.ca.gov/>. No registration required.
