Subject: UPDATE ON CURTAILMENT STATUS OF WATER RIGHTS AND CLAIMS IN THE DELTA WATERSHED AND REMINDER OF UPCOMING DEADLINES

This email contains important information about the curtailment status of water rights and claims of right within the Sacramento-San Joaquin Delta (Delta) watershed pursuant to orders related to curtailments that were issued on August 20, 2021 ([Orders for water rights/claims under 5,000 acre-feet](#) and [Order for water rights/claims over 5,000 acre-feet](#)).

This email also serves as a reminder to all water right holders and claimants in the Delta watershed that the Compliance Certification Form must be submitted for all rights and claims **by September 3, 2021.**

This is the last update that will be sent to multiple email lists. Please [subscribe to the Delta Drought email list \(under Water Rights\)](#) to receive future weekly updates on curtailments in the Delta Watershed if you have not already.

There have been no changes to curtailment orders since August 20, 2021. Check the [Delta Watershed Curtailment Status List](#), which is consistent with the list posted on August 20, for the current curtailment status of each water right and claim in the Delta watershed.

The following priorities of water rights and claims remain curtailed for the remainder of **August 2021:**

1. All post-1914 appropriative water rights in the Delta watershed, including the Sacramento River and San Joaquin River watersheds and the Legal Delta;
2. All pre-1914 appropriative water right claims in the San Joaquin River watershed that are outside of the Legal Delta;
3. All pre-1914 appropriative water right claims in the Sacramento River watershed and in the Legal Delta with a priority date of 1883 or later;
5. All riparian water right claims in the Calaveras River subwatershed that are outside of the Legal Delta; and
6. Pre-1914 appropriative water right claims on the following Sacramento River tributaries:
 - a. Claims in the Bear River subwatershed with a priority date of 1849 or later,
 - b. Claims in the Yuba River subwatershed with a priority date of 1852 or later,
 - c. Claims in the Putah Creek subwatershed with a priority date of 1851 or later,
 - d. Claims in the Cache Creek subwatershed with a priority date of 1856 or later, and
 - e. Claims in the Stony Creek subwatershed with a priority date of 1864 or later.

The following priorities of water rights and claims remain curtailed for the month of **September 2021**, unless and until the State Water Board advises that this determination has been updated:

1. All post-1914 appropriative water rights in the San Joaquin River watershed;
2. All pre-1914 appropriative water right claims in the San Joaquin River watershed;
3. All riparian water right claims in the American River subwatershed upstream of Folsom Reservoir;
4. All riparian water right claims in the Calaveras River subwatershed that are outside of the Legal Delta;
5. A subset of Central Valley Project and State Water Project water rights in the Sacramento River watershed and in the Legal Delta; and
6. Pre-1914 claims and post-1914 appropriative rights on the following Sacramento River tributaries:
