

Funding Opportunities for Farmers and Ranchers in Scott and Shasta River Watersheds: In-person Presentations

State Water Resources Control Board (State Water Board), California Department of Fish and Wildlife (CDFW), and United States Department of Agriculture (USDA) staff will make presentations to provide information about funding opportunities for farmers and ranchers impacted by drought. USDA and CDFW staff will present information about available funding sources and how to obtain funding, as well as answer questions. See presentation details below:

Thursday, December 8, 2022
10:00am - 12:00pm
Farm Bureau of Siskiyou County
809 4th Street, Yreka, CA

Background. USDA and CDFW have funding available to farmers and ranchers impacted by drought. The presentations will cover eligible projects, how to apply, points of contact, and application deadlines. Funding sources that will be highlighted in the presentations include:

Emergency Livestock Assistance Program (ELAP) – USDA
Livestock Forage Program (LFP) – USDA
Noninsured Crop Disaster Assistance Program (NAP) – USDA
Farm Loan Programs – USDA
Wildlife Conservation Board Funding – CDFW
Watershed Restoration Grants – CDFW

Online Resources. Additional information on these funding sources is available online:

- **USDA Funding Sources:** <https://www.farmers.gov/protection-recovery/drought>
- **CDFW Funding Sources:** <https://wildlife.ca.gov/Grants>
- **State Water Board Drought Webpage:**
https://www.waterboards.ca.gov/drought/scott_shasta_rivers/

Video of a webinar on these same topics, the webinar presentation slides, and funding program handouts can be found at the State Water Board Drought Webpage.

Questions. Please contact us by email at:

- Adam Weinberg (State Water Board): adam.weinberg@waterboards.ca.gov
- Carmen Tull (CDFW): Klamathwatershed@wildlife.ca.gov
- Ruth Ford (USDA-Farm Service Agency): ruth.ford@usda.gov
- Katherine Lewis (USDA-Farm Service Agency): Katherine.lewis@usda.gov
