Dear <<PRIMARY OWNER>>:

Addendum to Order WR-2024-0025-DWR: Updating Attachment A of the Order

This Addendum to Order WR 2024-0025-DWR provides an updated Attachment A (enclosed). The updated Attachment A clarifies the parcels subject to Order WR 2024-0025-DWR.

On July 24, 2024, the State Water Resources Control Board (State Water Board) issued a curtailment order ([Order WR 2024-0025-DWR](#))¹ imposing water right curtailments and reporting requirements for adjudicated groundwater rights and known groundwater diversions associated with parcels listed in Attachment A in the Scott River Watershed. For some of the letters, Attachment A to the Order was missing parcel APNs that should have been included for that water right or owner. This addendum updates the parcels listed in Attachment A of the Order. This updated Attachment A (enclosed) supersedes the previous Attachment A and includes all parcels and the associated groundwater rights subject to the Order.

Order WR 2024-0025-DWR requires you to submit the online Scott Curtailment Form to acknowledge your water right has been curtailed and whether you are pursuing an exception to continue limited diversions under the order. Your Login(s)/Water Right ID(s) and Password(s)/Water Right Identifier(s) are provided in Attachment A. You can access and complete the form online at: <https://public.waterboards.ca.gov/WRInfo>. Staff are available to answer questions or otherwise assist you with completing the form.
