Ventura, CA 93001

VIA CERTIFIED MAIL
RETURN RECEIPT REQUESTED
No. 7016 0750 0000 8035 0475

Dear Mr. Grewal:

DENIAL WITHOUT PREJUDICE - NOTICE OF INTENT FOR THE STATE WATER RESOURCES CONTROL BOARD CERTIFICATION OF 2017 NATIONWIDE PERMITS FOR THE VENTURA ISLE MARINA DOCK REPLACEMENT PROJECT (File No. 18-014)

The State Water Resources Control Board Certification of the 2017 Nationwide Permits (NWP) (General Order) conditionally certifies 14 NWPs, including NWP 28, *Modifications of Existing Marinas*, under the Clean Water Act section 401. The General Order also finds that "... *Regional Water Boards... may deny any NOI and instead require a discharger to apply for an individual certification or a certification under another general order.*"

We are in receipt of your Notice of Intent (NOI) for the subject project dated February 10, 2018. The total Project site is approximately 12 acres and comprised of 556 slips. The Project would entail demolition and replacement of five docks and improvements to other docks. However, we are unable to determine the full scope of the Project with the information provided, and cannot determine whether the project should be enrolled under the General Order, or should be certified with an individual Clean Water Act section 401 Water Quality Certification. Therefore the Project is denied without prejudice. You may re-apply at such a time when more complete plans have been developed and construction, materials, and other pertinent details can be provided.

If you require further assistance, please contact Dana Cole by phone at (213) 576-5733 or by email at Dana.Cole@waterboards.ca.gov

You may also contact LB Nye, Senior Environmental Scientist, by phone at (213) 576-6785 or by email at LB.Nye@waterboards.ca.gov

Sincerely,

Deborah J. Smith
Executive Officer
