Regional Water Quality Control Board
North Coast Region
Staff Summary Report
December 3, 2026

ITEM: 6
SUBJECT: Overview of Key Projects and Agenda Items for 2027

BOARD ACTION: This is an informational item; no action will be taken by the Board.

BACKGROUND: This item will provide a preview of items that are expected to come before the North Coast Water Board in calendar year 2027. The presentation will also highlight key projects which, while not anticipated to come before the Board in 2027, are anticipated to undergo significant public engagement or generate significant public interest during the year.

This item will not provide a comprehensive overview of the organization's priority work. That information is presented annually - typically at the June meeting - as an informational item on North Coast Water Board program priorities for the upcoming fiscal year. Today's presentation focuses specifically on items expected to come before the Board or involve significant public engagement/interest in 2027.
