Procedures and Notes

General Statement - The primary duty of the Regional Water Board is to protect the quality of the waters within the region for all beneficial uses. This duty is implemented by formulating and adopting water quality plans for specific ground or surface water basins, and by prescribing and enforcing requirements on all domestic and industrial waste discharges. Responsibilities and procedures of the Regional Water Quality Control Board come from the state's Porter-Cologne Water Quality Act and the nation's Clean Water Act.

No Written Comments, Oral Comments, or Presentations - The meeting series is being conducted as closed sessions only to consider the appointment of an Executive Officer, as authorized by Government Code Section 11126(a). There will be no opportunity to address the board.
