

# Federal Lands Permit

## Attachment B Category B Activities<sup>1</sup>

1. Timber harvest, fuels reduction, and vegetation management activities that have a commercial component.
2. Roadside hazard tree removal along more than 500 linear feet of cumulative road length.
3. Fuels reduction and vegetation management activities in designated riparian zones.
4. Non-emergency rehabilitation of burned areas and fire recovery work, including salvage harvest.
5. Road decommissioning and road storage/road deactivation.
6. Upgrading, stormproofing, and new construction activities on roads and motor vehicle trails as well as treatments of Controllable Sediment Discharge Sources that are not subject to coverage under the statewide Construction Stormwater General Permit<sup>2</sup>.
7. Maintenance activities on roads and motor vehicle trails in designated riparian zones that pose a risk of discharge.
8. Livestock grazing activities with water sources within designated riparian zones.
9. Construction of access roads and pads associated with mining that do not involve use or handling of any designated mining wastes.

---

<sup>1</sup> For projects located in the Lost River and Butte Valley Creek Hydrologic Units, Federal Agencies must identify Category B activities 1 through 5 as Category A activities.
