

THE REGULATORY DROUGHT

JOIN THE ONLINE PETITION TO PROTECT OUR WATER

Join Adam Gray and your Valley neighbors by signing this petition to demand that the State Water Board involve local stakeholders in the process to update the Bay Delta Plan! Let the Board know that you oppose any plan to take more water from our rivers unless the impacts to our area are fully mitigated!

The 2012 Plan said that there would be "significant but unavoidable consequences" to our area. The State Water Board will soon release the new draft of the Bay-Delta Plan for comments and final action. We cannot afford to be silent on this issue, sign this petition now!

Sign the petition

I oppose the State Water Board's Plan to divert water from our rivers!

Keep me informed about the Board's Plan and water issues affecting our area.

Public Comment
2016 Bay-Delta Plan Amendment & SED
Deadline: 3/17/17 12:00 noon

We will share comments with the California Water Resources Control Board so they can hear from the people who live, work or care about the Valley which will be impacted by their regulations. We may e-mail you with occasional updates and important information to keep you informed and you may unsubscribe at anytime by clicking the unsubscribe button on any e-mail and you will no longer be sent any further e-mail info and updates from us. Remember together we can all protect the Valley which is our home.

List of Submitters: Stop the Regulatory Drought Petition

The following people submitted the same petition or a letter of similar text. The State Water Board received a total of approximately 3,651 unique signatures and/or copies of this petition. Petitions are still being processed and names may be added.
