Chair Felicia Marcus

Dear Chair Marcus,

It still sickens and saddens me that our local wetlands here in Santa Barbara County have been built upon. Most recently a large expanse was taken over in order to expand our airport.

No thought was given, no action taken against this destruction of wetlands wildlife habitat. We need more and better protections here in California to help save these precious, water filtering areas.

Please take whatever measures necessary to institute protections for all California wetlands.

Thank you.

Sincerely,

Lisa Ann Kelly & Family
