WASTEWATER USER CHARGE SURVEY REPORT FOR FISCAL YEAR 2003-04

Attached is the latest edition of the User Charge Summary prepared by this Division. This information included in this report was obtained from a questionnaire (see page No. 110) mailed to every public agency in California that owns and/or operates wastewater facilities. The Division did not receive a questionnaire from all agencies this year. All 724 agencies comprising 902 service areas in the database are listed in the report. User charge and connection fee data was received from 607 agencies for 767 of the wastewater service areas. In order to identify the 135 service areas for which data was not received this year and for which the data may be out of date, a two-digit number appears after their name (see Legend on Page No. 109). The two-digit number indicates the last fiscal year that a questionnaire was received from the agency. (i.e. FY 1995-96 would be listed as 96) The notation '--' indicates that an agency was recently added to the database and information from that agency has not yet been received.)

The data are presented in a manner similar to previous reports to facilitate comparisons with prior year reports. Care should be exercised in using this report since data have been listed as reported by the agencies and little time was available to verify the reported data. User fees reported for agencies that only provide collection service may not include any charge for treatment and disposal. I added the regional treatment authority's fee when I could determine that the reported fees did not include the regional charges. Some reported user fees may represent a bi-monthly fee and not a monthly fee as stated. Some user fees include charges for repayment of debt, future capital reserves, operating reserves, etc. while others only may only fund operation, maintenance and replacement (O.M.& R.) expenses. We also identified agencies that have a variable residential user charge based on metered water consumption in lieu of a flat rate. Some agencies may utilize assessments or other sources of revenue for debt service, which should be considered when determining the total cost of providing wastewater service.

Summary values (i.e. Number, Lowest, Highest, Average and Median) were calculated from data received for fiscal years 200-02 and 2003-04 only. It was assumed that the majority of the data received for the last survey year before last is still valid this year.

If you have any questions about this report, please contact Mr. Mike Harper at (916) 341-5820 for assistance.

Sincerely,

Ronald R. Blair
Revenue Program Specialist

REQUEST FOR INFORMATION FROM PUBLIC AGENCIES INVOLVED IN COLLECTION, TRANSPORT, TREATMENT OR DISPOSAL OF SEWAGE

It's time for the annual update of sewer rates and connection (capacity) fees. Last year's survey was cancelled due to a lack of staff time. A copy of our "Wastewater User Charge Survey Summary" for FY 2003-04 will be mailed, to the name and address on the form that you return, as soon as it's printed in late April or early May 2004.

Please take time to complete the enclosed form and fax it to (916) 341-5707 or mail it to the address at the bottom of the form. Please return the attached form, if possible, by December 31, 2003. Data submitted as late as March 31, 2004 will still make it into the report. Data received after April 1, 2004, may not get entered in time for this year's update of the "Wastewater User Charge Survey Summary".

Your agency's name, address, appropriate service area(s), and your name and phone number are preprinted on the form from last year's data. Please make corrections as necessary to the preprinted data, enter current data in the appropriate blanks on the form, and return the form.

If your agency charges residential wastewater users a variable charge based on metered water use and you know what the "average" charge is for single family homes, please enter the average charge in the appropriate blank of Question No. 5.

If you have any questions concerning this letter, the enclosed form, or wastewater user charge systems, please call me at (916) 341-5642. Thank you for returning the questionnaire and participating in this year's survey.

Sincerely,

Ronald R. Blair
Sanitary Engineering Associate
