Dear Mrs. Carpenter:

### REFERENCES FOR THE CALIFORNIA CRUISE SHIP ENVIRONMENTAL TASK FORCE REPORT TO THE CALIFORNIA STATE LEGISLATURE

I was chair of the now disbanded California Cruise Ship Environmental Task Force (Task Force). It was recently brought to my attention that the Task Force had inadvertently omitted listing as references three papers written by you when the Report to the Legislature - Regulation of Large Passenger Vessels in California - Cruise Ship Environmental Task Force (Report) was published and presented to the California State Legislature. I apologize for the omission. Unfortunately, we are unable to reopen the Report to list your references. Please accept this letter as acknowledgement that the papers listed below were used as references for the Report.

“The New EU Directive on Port Reception Facilities for Ship-Generated Waste and Cargo Residues: An Evaluation”, A. Carpenter and S. M. Macgill.

“The Development of EU Legislation on the Control of Ship-Generated Waste and Cargo Residues”, Angela Carpenter and Sally M. Macgill.

“The EU Directive on Port Reception Facilities for Ship-Generated Waste and Cargo Residues: Current Availability of Facilities in the North Sea”, Mrs. Angela Carpenter.

This link <http://www.swrcb.ca.gov/legislative/2003.html> directs you to an online copy of the Report and attachments, along with a copy of this letter.
