Project City: Rancho Cucamonga, Upland, Fontana, San Bernardino, Highland, Yucaipa, and unincorporated County

Project County: San Bernardino

Applicant Organization: San Bernardino County Department of Public Works

Applicant Name: Anthony Pham

Waterboard Staff: TBA

Brief Description of Project:

Project Description: Basic project purpose is for flood control. The overall project purpose is for the continued maintenance of 39 San Bernardino Flood Control District facilities for flood control and protection (as currently permitted under WDID 362015-32 through -66).

Project Activities: Generally, the Project includes implementation of the following necessary maintenance activities on various FLOD facilities: maintenance of vegetation in accordance with federal guidelines; vegetation management; stockpiling; mechanized land clearing, which includes sediment removal; bank repair; ingress/egress; herbicide and rodenticide; sand and gravel operations; flood control structure repair; graffiti removal; vector control; and stream gage maintenance. A general description of each of the routine maintenance activities performed in District flood control facilities are described in Supplemental Information.
