Brief Description of Project:

Project Description: The proposed Sherman-McCall Intersection Project includes roadway improvements and infrastructure improvements along McCall Boulevard and at the intersection of McCall Boulevard and Sherman Road. The project proposes to improve McCall Boulevard to meet the roadway classification requirements in compliance with the City of Menifee's General Plan Circulation Element (certified on December 18, 2013).

Project Activities: The proposed Sherman-McCall Intersection Project includes roadway improvements and infrastructure improvements along McCall Boulevard and at the intersection of McCall Boulevard and Sherman Road associated with the addition of a right-turn lane pocket. Road and infrastructure improvements include possible relocation of overhead and underground utility infrastructure, additional road signage, traffic rerouting, road resurfacing and expansion, and walkways and road lighting (Figure 4, Site Plan).
