Regional Board Notice

2007 WATER BOARDS STRATEGIC PLAN UPDATE

The Water Boards have begun an effort to update their Strategic Plan. A series of forums are being conducted over the next few months to receive input from stakeholders and staff about what should be in the plan update. Stakeholders recently provided their perspectives at a Statewide Strategic Plan Summit March 12 and 13 concerning issues and trends relating to water quality and water rights. They identified key areas of focus for the Boards to consider in their planning for the next five years. A summit dedicated to Regional and State Water Board staff input was held April 16 & 17.

The San Diego Regional Water Quality Control Board will host a public outreach session on this Strategic Plan update on May 9, 2007. The purpose of this session is to engage the public's perspective on the input received during the statewide summits. This will be done through facilitated interactive discussions in small groups where input will be recorded and reported out to the entire session attendees. If you are not able to attend the public outreach session, an opportunity to contribute your ideas on-line will be available after the outreach session.

The Water Boards will use the information received through the summits and regional outreach sessions to prepare a draft Strategic Plan which will be considered for adoption by the State Water Board in the summer of 2007. An implementation plan will be developed and considered in winter 2007-2008.

We welcome your active participation in our planning process to contribute your ideas and insights on the future direction the Water Boards should pursue in the coming five years.

This public outreach session will be held on Wednesday, May 9, 2007 at the Water Quality Control Board, Regional Board Meeting Room, 9174 Sky Park Court, San Diego, CA. The session will begin at 1:00 p.m. following the lunch period of the regular Regional Board meeting scheduled for this site, which begins at 9:00 a.m. Please refer to the Regional Board's web site at www.waterboards.ca.gov/sandiego for additional information concerning the agenda for the regular Board Meeting scheduled to precede the Strategic Plan outreach session.
