SAN DIEGO REGION**

EXECUTIVE OFFICER SUMMARY REPORT

May 8, 2019

ITEM NO. 7

SUBJECT

Consideration of Tentative Order No. R9-2019-0031, *An Order Rescinding Order No. 95-17, Waste Discharge Requirements for R.C.P. Block and Brick Inc., San Diego County* (Order 95-17). (Sherrie Komeylyan)

STAFF RECOMMENDATION

Adoption of Tentative Order No. R9-2019-0031 is recommended.

KEY ISSUES

Tentative Order No. R9-2019-0031 (**Supporting Document 1**), if adopted, will rescind Order No. 95-17. All sand and gravel washing, block brick manufacturing, and sand slurry decanting operations at the R.C.P. Block and Brick facility (Facility) have terminated.

PRACTICAL VISION

The Practical Vision¹ sets forth strategies to achieve healthy waters and accomplish our mission. The rescission of waste discharge requirements for facilities no longer in operation allows the San Diego Water Board to direct resources that would be used to manage and monitor these facilities to higher priority projects that support our Practical Vision goals.

DISCUSSION

Order No. 95-17 established requirements for the discharge of wash water to onsite settling ponds from sand and gravel processing at the Facility. The Facility operated at 9631 N. Magnolia Ave., Santee, California (**Supporting Document No. 2**).

R.C.P. Block and Brick, Inc. notified the San Diego Water Board, via letter dated February 28, 2018, that it had terminated operations at the Facility (**Supporting Document No. 3**). San Diego Water Board staff inspected the Facility on January 25, 2019 and verified no wash water was being discharged and operations at the Facility had been terminated and Order No. 95-17 is no longer needed.

SIGNIFICANT CHANGES

Adoption of Tentative Order No. R9-2019-0031 will rescind Order No. 95-17, ending the need for R.C.P. Block and Brick, Inc. to submit monitoring reports to the San Diego Water Board.

COMPLIANCE RECORD

There are no outstanding compliance issues with R.C.P. Block and Brick, Inc.
