

## Per- and Polyfluoroalkyl (PFAS) Substances (PFAS) References

1. SWRCB – Division of Water Quality. PFAS – Frequently Asked Questions. March 19, 2020. [PFAS – Frequently Asked Questions \(ca.gov\)](#)  
Provides a description of PFAS substances, how people are exposed, and where PFAS are found in the environment.
2. PFAS Explained. U.S. Environmental Protection Agency. April 28, 2022. PFAS Explained | US EPA  
Provides discussion on current understanding of PFAS chemicals and environmental risks.
3. Interstate Technology Regulatory Council (ITRC). History and Use of Per- and Polyfluoroalkyl Substances (PFAS) found in the Environment. September 7, 2022. [History and Use of Per- and Polyfluoroalkyl Substances \(PFAS\) found in the Environment \(itrcweb.org\)](#)  
Provides overview of the discovery and application of PFAS, emergence of known health effects, reduction in production, and environmental impacts.
4. Agency for Toxic Substances and Disease Registry, Centers for Disease Control and Prevention (CDC) PFAS in the U.S. Population. December 22, 2022. [PFAS in the U.S. Population \(cdc.gov\)](#)  
Describes PFAS in blood levels of people in the U.S. over time.
5. State Water Resources Control Board. PFAS: Per- and Polyfluoroalkyl Substances. January 2023. [PFAS: Per- and Polyfluoroalkyl Substances Drinking Water Systems | California State Water Resources Control Board](#)  
Provides description of the Notification Levels and Response Levels for PFAS chemicals.
6. State Water Resources Control Board. California PFAS Timeline. January 2023. [CA PFAS Timeline | California State Water Resources Control Board](#)  
Provides details on proactive measures being taken on a statewide and national level. Provides a timeline of the issuance of Investigative Orders, actions being taken to investigate and address PFAS contamination in California, as well as related EPA actions.
7. Department of Defense. Environmental Cleanup and Compliance. PFAS Task Force. July 2019. [PFAS Task Force Goals and Objectives](#)  
Provides a description of DoD-wide efforts to address PFAS at DOD facilities nationwide.
