**Subject:** Revisions to Chapter 6  
**Attachments:** poseidon edits to ch. 6.doc

All,

Thank you for the productive call this afternoon. Attached is a document showing edits we request be included in Chapter 6 of the revised Minimization Plan. We look forward to the supplemental information that will be incorporated in the revised Minimization Plan. Please let me know if you have any questions.

Edits to redline March 2 Minimization Plan, Chapter 6

Note: all of chapter 6 should be sent to Tom Luster asap for his review... that review can occur in part after we notice it on 3/9, but we need to know his reaction within a week or so.

p. 6-2, (§ 6.3, lines 13-15) Replace "If Poseidon proposes a mitigation site outside of the boundaries, it first shall demonstrate to the Board that there is no site reasonably available that meets the criteria established in Section 3.0 of the MLMP" with "If Poseidon proposes one or more mitigation sites outside of the boundaries, it shall first demonstrate that the corresponding mitigation could not feasibly be implemented within the boundaries."

p. 6-5, line 5: "stare" should be "start"

p. 6-5, line 10: delete "be understood to"

p. 6-7, first row: change to "Upon determining that the goals or standards are not achieved, the Executive Director or the Executive Officer shall prescribe remedial measures, after consultation with each other and the permittee, which shall be.... If the permittee does not agree that remediation is necessary, the matter may be set for hearing and disposition by the Commission or the Regional Board or both, as determined by the Executive Director and the Executive Officer. ~~The Regional Board shall act consistently with any such remedial measures.~~"

p.6-7, second row: delete "Corresponding authority would be unnecessarily duplicative" and replace with "Personnel with appropriate scientific or technical training and skills will, under the direction of the Executive Director, and in coordination with Regional Board staff, oversee..."  
and  
"The Executive Director shall convene a Scientific Advisory Panel to provide the Executive Director and the Executive Officer with scientific advice..."

p. 6-13, first box, second line: change to "If the Commission and the Regional Board determine that the performance standards have been met..."

The first of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.

The second of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.

The third of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.

The fourth of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.

The fifth of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.

The sixth of these is the fact that the system is not a simple one. It is a complex system, and the behavior of the system is not linear. The system is a complex system, and the behavior of the system is not linear.
