Subject: Re: Poseidon: Revised Nordby statement
Attachments: Copy of DailyFlow-Survey.xls; EPS 2004-2005 Flow Data.pdf

Dr. Raimondi,

I assume you have seen the impingement results from traveling screens/bar rack surveys and heat treatment surveys for the 2004-2005 sample days that are presented in Attachment 3 of Poseidon's March 9 Plan. The Regional Board does not have it in workable format. If you are interested in that for purposes of your review, I will ask Poseidon, by copy of this email, if they can provide it to you. In addition, Tables 5-1 and 5-2 in the March 9 Plan, presented on pp. 5-2 - 5-6, may be useful. To my knowledge, the Board does not have these in workable format, I am hopeful Poseidon can provide them to you. We do have 2004-2005 sample period daily flow data electronically in both excel and pdf.

Poseidon provided us with these tables on March 5. These tables are attached.

Please let us know if there are other specific data sets you are interested in and we will do our best to provide them to you.

Thank you.

Is there any way I can get the datasets for impingement? Let me know ok. Also if there are historic sets for EPS - I could use those as well

pete

All,

The attached is a revised statement from Chris Nordby of Nordby Biological, correcting the dry weight/wet weight conversion error identified in his prior submittal. This statement completely replaces Attachment 7 to the Minimization Plan.

Please contact me if you have any questions.

Best regards,

4/1/2009

Amanda
